BOCCE BALL Chairman - Carey Saunders (530) 632-1859 / Jack Schoen, Assistant - (719) 400-9830

Bocce Ball is an easy game to learn but it can be a very hard game to master. It is sort of a combination of bowling and billiards. Bocce is played with eight large balls and one smaller target or object ball called a jack or pallino. The objective is to throw your bocce balls closer to the pallino or jack than your opponent.

We play every Tuesday at Kingwood Park on Gray Avenue at 10:00.

Please come and join us.

TRAVEL -- No travel chairman in branch 45.

If you want to travel look in "sir happenings" on the sininc.org web page and take a trip with another of the sir branches.

What is a clinical trial done in October called?

A trick or treatment.

A man meets a Native American with flawless memory. When he meets this Native American Chief he notices he is older than most. He asks the Chief many questions, and the Chief replies flawlessly to each one. Then he thinks of a random date and asks the Chief, "What did you eat on October 18, 1987?" The Chief replies "Eggs". He leaves the Chief and goes home. A year later he meets the Chief again. Feeling respectful he approaches the Chief, and says "How!" and the Chief says, "Scrambled!"

A guy walks into a bar and orders a beer. "Ah, October! Almost time for Halloween. This season reminds me of how I met my wife. I went to a costume party and saw her across the room. Standing there tall and gorgeous next to her friend. They'd come to the party together dressed as the number ten," he tells the bartender. "That's when I knew, she was the one."

I can't believe people are letting fireworks off in October!
It's scared the dog so badly he's knocked the Christmas tree over.

I always carry a stone with me that I use to throw at people who play Christmas music in October. I call it my Jingle Bell Rock.

Apparently I was supposed to wait until October 31st to dress up like a ghost.
Guess I spook too soon.

An Alaskan was on trial in Anchorage.
The prosecutor leaned menacingly toward him and asked:
"Where were you on the night of October to April?"

I found a ghost passed out on my stairs last night.
He must have been really into the boos!

I hate that SEPTember, OCTober, NOVember and DECember aren't the 7th, 8th, 9th and 10th months...How could they mess that up?
