ATOMIC VETERAN COMMEMORATIVE SERVICE

For those of you who missed our last meeting you may find it interesting that the details of the Atomic bomb Testings in Nevada during the early 1950's were secured and not released until recently. There is a partial list of servicemen and women who participated in the testings and many received a commemorative medal for their service. SIR Member Val Vasquez brought his medal to share with others along with application forms. Besides Val, our Branch 163 also

has members Lynn Blystone and Dean Hatfield who served in the testing.

If others of you also participated in those tests and would like to receive your medal let me know and I will have Val get in touch with you.

Thought for this month: *Even though cards are not in vogue any more, a Christmas Card carries a load of feelings and brings you closer to a friend.*

AGAIN, DON'T FORGET TO SCHEDULE THURSDAY DECEMBER 21st
For our SIR's LUNCHEON!!!!!!!!!!!!!!!!!!!!!!
