

## Port Stockton Sayings Bulletin

*The monthly bulletin of Port Stockton Branch 46 of Sons In Retirement, a California non-profit corporation chartered July 23, 1974.*

**NEXT MEETING: FEBRUARY 21st THURSDAY 12:00 NOON**

### **BIG SIR GREETING FEBRUARY 2019**

Welcome to February, sometimes called the Presidents' month. Congress decided to combine Lincoln's birthday (February 12) and Washington's birthday (February 22) into a single federal holiday, and this time it happens to be on the 18<sup>th</sup>. However, it is more important for you to remember February 14 which is Valentine's Day. Forget this day at your own risk.

Active member attendance for the January Luncheon was 63% which compares well with the highest of 64% we've experienced in the past year. The highlight of the meeting was the talk given by our guest speaker, Mr. Peter Jaffe, the Stockton Symphony Orchestra conductor. Mr. Jaffe is an excellent speaker, uses no notes, and kept us entertained with the history of the Symphony Orchestra which was formed by an Italian immigrant in 1926. The "Luncheon Happenings" writeup in this edition has more on Mr. Jaffe's talk. He also provided handouts which included Symphony schedules for 2019 and notices advertising discounts for future Symphonies. These handouts will also be available at the February luncheon.

The speaker for our February luncheon is Mr. Bill Brennan - a submarine sailor during the Cold War. He will talk about his experiences during that period, and he sent us an excellent description of his planned talk which is provided later in this edition under "February Speaker".

Also in this edition is our list of future luncheon speakers. Thanks to our Little Sir, Glenn Nellman, we have speakers signed up thru July - every month except June which is our Picnic month. Mark your calendars with our picnic date, June 20, and plan on being there at Micke Grove for a day of

Golf Chipping, Bingo, 50/50, and Lodi Lions Barbecue - probably Tri-tips. And while we're on the subject, please mark your calendar for February 22. That's the date of our first Romeo get together for 2019. This time it will be a luncheon at Angelina's. See the notice further on in this edition for Romeo information. For newcomers, "Romeo" stands for **R**etired **O**ld **M**en **E**ating **O**ut, but you better bring your wife or significant other.

And finally, and most important, our two main projects for the year must be (1) recruiting new members and (2) establishing our 2020 officer slate. Our active member list remains at 71. We gained one new member last month, but also lost a member due to resignation. Once again, if you participate in any of the branch activities such as bowling, golf or bridge, these are excellent sources for new members. Invite one of your non-SIR friends in these groups to be a guest at one of our luncheons. Along this line, we intend to have recruiting-oriented handouts at the next luncheon for you to give to anyone you think might be interested in joining our Branch.

**Mike Sather Big Sir 2019**

## **NEW IN THIS EDITION**

- New Golf Schedule (year)**
- February Calendar**
- Speaker List thru July**
- Romeo Information (Feb. 22)**
- New Member**
- February Birthdays**
- Chairmen Required**
- February Speaker**

## Miss a Meeting?

When you know you will miss a luncheon meeting, please give our Attendance Chairman, Dick Andersen, a call (478-3753) or send him an e-mail: [whalelady@comcast.net](mailto:whalelady@comcast.net)

### Bring a Friend, Win a Prize

- When you bring a friend (prospective new member) to a Branch 46 lunch meeting, you will receive FREE five 50-50 tickets. Good luck! **ALSO**, if your friend happens to join, then you will receive a free lunch.

### SIR BRIDGE

Bridge starts at 8:30 AM preceding the monthly meeting. Please contact Dave Palmer to reserve a seat at a bridge table. **Dave Palmer Bridge Chairman 242-2093** or E-mail Dave at [dpalmeretal@aol.com](mailto:dpalmeretal@aol.com)

## Sunshine & Memorials:

John Mendonca is our chairman for this committee. His phone number is 477-0743. Whenever you are aware of a member who has a serious illness or whose family has experienced some tragic circumstances, please give John a call. Please don't be hesitant to call John if you are aware of a member who is having problems. A call from the SIR would be greatly appreciated.

### 9 Hole Golf

The 9 hole golf group plays every Tuesday at Swenson Executive Course. Players should arrive by **8:30 a.m.** to get their tee times. In the winter months we play on an informal basis. Come and join us. Abraham Mackey  
Any questions, call me at 471-7007 or [abraham4880@gmail.com](mailto:abraham4880@gmail.com)

## SWITCHING TO E-MAIL

Sending out bulletins via Snail-mail (USPS) is time consuming and expensive. If you have a computer and are now receiving your bulletin thru the mail, please consider switching to E-mail. Simply contact Jack Lamberty and we'll take care of the rest. Thank you.

## Remember – E-mail is in color!!

Jack Lamberty 451-1165 [JackL68734@aol.com](mailto:JackL68734@aol.com)

## WELCOME OUR NEW STARS

New members to Branch 46 are easy to recognize. They have a star on their badge. When you see a star on a SIR's nametag, make sure you introduce yourself and welcome them to Branch 46. **We suggest you also send a welcoming E-mail to the new member.**

### SIR BOWLING

**Come join us for bowling fun every Wednesday morning, 9:30 am, at Pacific Bowl. Experienced bowlers, beginners and anybody in between will have a great time. Women are welcome, too. Call Ron Korock at 951-4759 for more information. Or [ronkorock@comcast.net](mailto:ronkorock@comcast.net)**

 contact Pete Lepisto,  
 email [SISUFINN1@SBCGLOBAL.NET](mailto:SISUFINN1@SBCGLOBAL.NET)  
 or (209)948-2265.

## January Luncheon Happenings

The speaker for the January Luncheon was Peter Jaffe, the music director and conductor for the Stockton Symphony since 1995. Mr. Jaffe's talk ranged from describing the beginnings of the orchestra in 1926 to the present and even provided a scientific analysis of why seeing and listening to a live performance is far better than watching a video. Reason: Live orchestra can't correct mistakes - it must be perfect.

**Peter Jaffe**  
**Symphony Conductor**

In May 1926, the first concert was performed by the newly created Stockton Symphony – a group of twenty local musicians formed by pharmacist-by-day and orchestra-conductor-by-night Manlio Silva. An Italian immigrant, Silva was an accomplished musician, having graduated from the Conservatory of Chiavari. The musicians gave the Stockton Symphony's inaugural performance during "Music Week" for the Stockton Musical Club. Five months later, the first complete season opened in October 1926 at the California Theater on Main Street. Since then, Stockton Symphony has thrived for over 90 years. In 1967 Kyung-Soo Won became the conductor for the next 27 years and was followed by Peter Jaffe in 1995. Mr. Jaffe has also led Stockton Opera since 2001 and has been the musical director and conductor of both the Auburn and Folsom Lake Symphony Orchestras for the past several years.

## February Speaker

Our speaker for the February luncheon will be Mr. Bill Brennan, a submarine sailor during the Cold War. I asked for a biography to put in the bulletin, and Mr. Brennan responded with the following - an excellent description of his duty as a Cold War warrior.

Join the Navy and See the World--through a periscope! What was it like to be a submarine sailor during the Cold War? Here are some sea stories from Bill Brennan's years of service on one of the last diesel boats built for the navy, the USS Blueback SS581 (commissioned in 1956). A good sub-title might be "How I earned my hazardous duty pay." Like the time we were hit by our own torpedo. Or the time we got stuck on the bottom during a deep test dive. Or the time we almost sank by sinking backward during an emergency. Did you know that the ocean is very noisy with biologics, which can make it difficult to detect another submarine? What did it feel like to stand on the deck of Admiral Togo's flag ship (he ambushed the Russian fleet in the Russo-Japanese War of 1904). Come and hear these and other sea stories that made serving a time of many unexpected events, though some of them were pretty frightening at the time.

**BRANCH 46 WEBSITE**

<http://branch46.sirinc2.org>

**Website** Remember, to access the website, use the CTRL, Click feature on the above link. Or, if that doesn't work, go to your internet provider and type in the above address for the link

**Travel:** Our bulletin is space limited, and therefore many travel opportunities are missing. The complete list of SIR travel opportunities is provided in the website from January 27 thru September 14, 2020. This includes SF Giant Spring Training and three separate Oberammergau (Passion Play) trips.

**Computer:** There are 13 articles in this month's Bill Bromily's computer newsletter. The first two concern the Las Vegas Electronics Show with the latest in Artificial Intelligence and how it will affect the auto industry. Due to space limitations in this bulletin, we can only report on one article that we found extremely interesting.

**9. Self Learning Computers Excel In Chess and Medicine**

Google's parent company, Alphabet, owns the artificial-intelligence (AI) company DeepMind who recently announced that in late 2017 its machine learning algorithm, AlphaZero, had mastered not only chess but shogi, or Japanese chess, and the 2500 year old Chinese board game Go, which is currently played by an estimated 46 million people. "The algorithm started with no knowledge of the games beyond their basic rules. It then played against itself millions of times and learned from its mistakes. In a matter of hours, the algorithm became the best player, human or computer, the world has ever seen." Not only could it have easily defeated all the strongest human masters — it didn't even bother to try — it crushed Stockfish, the reigning computer world champion of chess. In a hundred-game match against a truly formidable engine, AlphaZero scored twenty-eight wins and seventy-two draws. It didn't lose a single game.

This computer self learning capability is now working beyond chess and other games and being expanded to assist humans in solving practical problems like medical diagnoses. For example, a machine-learning algorithm can decide whether a CT scan of an emergency-room patient shows signs of a stroke, an intracranial hemorrhage or other critical neurological event.

**ROSTER CHANGES AND CORRECTIONS**

Please add the following new member to your directory.
