

Dear Friends,

Our first lunch meeting of the new year will be this coming Wednesday January 28th. Our speaker will be Larry Stone, newly retired Assessor of Santa Clara County. He will be speaking on "*The Economy of Silicon Valley*". This will be an interesting program presented by Mr. Stone who was the former mayor of Sunnyvale and served as Santa Clara County Assessor for 31 years.

Phil Yurtis has been working with the staff at Michaels on the costs and menus for our luncheons in 2026. With our increased costs, Phil has negotiated an addition to the number of entrees from two to three.

We'll look forward to seeing you all next Wednesday. Families and friends are most welcome. We'll see you then.

Best Regards, Carl
