November Reflections – SIR Branch 95

Welcome to November — a month that often feels like a bridge between seasons. The long, bright days of summer are behind us, and the crisp mornings remind us that the holidays are drawing near. It's a time of gratitude, reflection and gathering — a season that encourages us to pause, look around and appreciate the friendships, laughter and community that SIR Branch 95 continues to build together.

As we approach the close of another wonderful year, we naturally turn our attention to family, friends and the moments that make this time of year so special. Whether it's sharing a meal, playing a round of golf or simply catching up over coffee, November gives us that opportunity to slow down and enjoy the people who matter most.

This month also brings our **November 19th luncheon**, which will be coordinated and led by our current Little Sir, **Brian Lemley**. Brian jumped in a couple months back, and this luncheon will allow him to prepare for his move to Big Sir in 2026. Please plan to attend, enjoy the company and support Brian.

Looking ahead, we've all received several reminders about our **December 10th Holiday Dinner** — always one of the highlights of our Branch calendar. If you haven't yet registered (only 22 had by October 29th), please do so soon to help with planning and seating. For questions or details, please reach out to **Ken Mahar**, who's working hard to ensure it's another memorable evening. Remember, too, that he and Jessica could use donations, if you are able, to help on the costs.

As we round out 2025, Branch 95 continues to thrive — thanks to your involvement, volunteer spirit and fellowship. I'll share a more complete recap of our year and goals in the December newsletter. Until then, enjoy this special season of gratitude. I look forward to seeing you soon!

Our November speaker is our own Harry Hall. He is a registered, professional Chemical Engineer who has spent more than 50 years in the Oil and Gas Industry. He has given previous presentations to our Branch, other SIR Branches and other clubs since 2017. His presentation is entitled "The Science of CO₂". Does it have a beneficial or detrimental effect on life on earth?

THIS MONTH IN HISTORY | Randy Scott 916-834-9475

1895: X-rays (electromagnetic rays) were discovered by Wilhelm Roentgen at the University of Wuerzburg in Germany.

1922: King Tut's tomb was discovered at Luxor, Egypt by British archaeologist Howard Carter after several years of searching. The child-King Tutankhamen became pharaoh at age nine and died around 1352 B.C. at age 19. The tomb was found mostly intact, containing numerous priceless items now exhibited in Egypt's National Museum in Cairo.

1938: Irving Berlin's God Bless America was first performed. He had written the song especially for radio entertainer Kate Smith who sang it during her regular radio broadcast. It soon became a patriotic favorite of Americans and was one of Smith's most requested songs.

1947: The first and only flight of Howard Hughes' "Spruce Goose" flying boat occurred in Long Beach Harbor, California. It flew about a mile at an altitude of 70 feet. Costing \$25 million, the 200-ton plywood eight-engine Hercules was the world's largest airplane, designed, built and flown by Hughes. It later became a tourist attraction alongside the Queen Mary ship at Long Beach and has since been moved to Oregon.

1965: At 5:16 p.m., the Great Blackout of the Northeast began as a tripped circuit breaker at a power plant on the Niagara River caused a chain reaction sending power surges knocking out interconnected power companies down the East Coast. The blackout affected over 30 million persons, one-sixth of the entire U.S. population. Electricity also failed in Ontario and Quebec.

Wishing you a
Harvest of Happiness,
Good Health
and Good Times.

BRANCH HAPPENINGS | Kevin King, PBS; HLM 916-337-9811

Eight new members were approved during our October BEC meeting. That's got to be a record. Hats off to our Membership Chairman, Scott Ravel, for doing an outstanding job bringing in a steady stream of new members. Remember, a red dot on a badge signifies that the person is a new or relatively new member. Make a point of introducing yourself and inviting them to your table at the next luncheon. New members include:

Craig Paton's father was a member of SIR which led him to search us out. He's a former Glazier for Mission Glass. Craig enjoys bowling. He and his wife, Cheryl, live in El Dorado Hills.

Randy Terk heard about our Branch from David Gersten who is his sponsor. Randy's a self-employed tax accountant. He lists golf, pickleball, wine tasting and woodworking as his interests. He and his wife, Jan, live in El Dorado.

Rod Smrcka is a former appraiser for the Bureau of Land Management. He is a Vietnam war veteran having served from 1969-72. He lists pickleball as one of the activities he enjoys. He lives in El Dorado Hills.

Lex Camany learned about our Branch from a magazine advertisement. He's a car enthusiast and likes to hike. Lex also mentioned he likes a good burger. He lives in El Dorado.

Kelly Wilson discovered us through our website. He is in Finance. He lists a number of activities that he enjoys including biking, bocce, hiking, pickleball and poker. He and his wife, Susanne, live in Placerville.

Mark Owens learned about our Branch from Ray DiBasilio. Like Ray, Mark enjoys bowling. He's a former Electronics Engineer for AT&T. He lives in Placerville.

Bob Henning came as a guest to our October meeting and joined on the spot. He is an Estate Planner for CLM Estate Planning. He listed more than a dozen activities he enjoys. Among them that our branch currently offers are biking, breakfast club, golf, hiking and pickleball. He and his wife, Carol, live in El Dorado Hills.

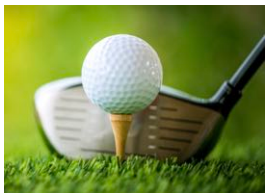

Bill Koponen (no picture available at press time) is a friend of Byron Loney's. He worked in HR and was Labor Relations Director for Syblon Reid, a construction company. He listed baseball, biking, the breakfast club and hiking as some of his interests. Bill lives in Folsom.

I know I've filled your inbox with emails and reminders regarding our December 10th Holiday Dinner. If you've somehow missed them, please see the flyer and signup form on the last page. Also, help make the night even more special by considering donating something for the auction or door prize portion of the festivities. That part of the evening is always a good time, full of anticipation as the numbers are called out and bids are made. Suggestions for the types of items to donate were sent to members in an earlier email. To make a donation, bring it to our next meeting or contact Brian Lemley at 530-903-7184. Donations must be received by December 1st.

Look for an email that was sent by Brian Lemley on 11/4 to register for our November 19th luncheon. Yes, it's the 3rd Wednesday this month due to a venue conflict. If you didn't receive it, give Brian a call at 530-903-7184.

BRANCH 95 GOLF | Terry Starkel, Golf Chairman

916-817-1524

As the 2025 golf season winds down, we have had pretty good weather so far this year, not too hot, not too wet. We have two golf tournaments in November and two in December. I have set a schedule for the 2026 season and am waiting for the courses to respond on availability for the dates and times I have requested. I am only requesting tee times for 24 players.

The Gold Country Cup is still within reach of a couple of players, and Rick Willson broke out of the pack in Marksman of the Year honors with four players right behind him in second with three rounds to play. Will someone step up and challenge him? We will have to continue playing and see what happens in the closing weeks. Both of these awards will be presented in January.

Congratulations to Mike Wilke, the winner of the Branch 95 Club Championship. His award was to be presented at the October luncheon, but due to the trophy shop being closed for two weeks, I did not get it back in time. It will be presented at the November luncheon.

I would still like to have a couple of members step up and take over some of the weekly golf tournaments. It takes a few hours a week on the weeks that you would run the tournaments and some time at the course on the day of the tournament to check people in, pass out scorecards, collect the prize money, double check the scorecards and announce the winners. If one or more of you are willing to help out, that would be greatly appreciated.

Our golf membership this year has been around 44 with a few people joining us and a few leaving. I have asked some of our most recent players not to join at this time. The SIR 95 golf membership also includes the NCGA membership and if members join now, they would have to pay the NCGA membership now and again at the first of the year. I suggest interested players play with our group and join mid-November to mid-December. I will not submit your membership until after the first of the year, so we will only be charged by the NCGA for 2026.

Norman Orrick 916-709-1693

The group meets at Dennys, 3446 Coach Lane, Cameron Park each Thursday at 9:00am. We eat, shoot the breeze, crack a joke or two and sometimes say something profound. The main thing is to enjoy each other's company. After we eat and talk, those that wish, take off for a mile or two walk. We are looking forward to having new members to enliven our discussions. To receive a weekly reminder, call or send a text to 916-709-1693.

Get ready to explore trails, experience the outdoors and connect with fellow nature enthusiasts! Whether you seek strenuous climbs or relaxing strolls, you'll find a place with a variety of hikes, catering to different skill levels and interests. Come join us for monthly group hikes throughout the local region. The day and time will generally be sent out to those on the email list. Call me to get on the list.

SIR is all about social activities for men. Our members have a diverse set of backgrounds, hobbies and interests. Do you enjoy something that you think other members would enjoy? Contact our Activities Chairman, Jay Muzio, to see if we can get a new activity off the ground. As we've all heard before, keeping active and engaged with a group of friends keeps the old man out.

WINE TASTING GROUP | Jay Muzio, PBS 650-302-1902

In October, the wine tasting group had planned to visit Saluti Winery in Somerset. However, we could not get the minimum number of attendees for the event and the event had to be canceled. Thank you to Dennis and Cynthia Eyler for all the work trying to set up the event.

Our November event will be November 20th at Lake Forest Wines, 2222 Francisco Dr. in El Dorado Hills. Bob Noyes and Xiaoyan Huang will be hosting the event. Similar to the Total Wines tasting event held earlier this year, Lake Forest will provide a tasting of 8 different wines. They will describe the wines and offer discount prices if you choose to purchase. In addition, Lake Forest will provide Charcuterie boards as an appetizer and our hosts, Bob and Xiaoyan, will provide vegetarian, chicken vegetable and pepperoni vegetable pizzas from Viscuso's Pizza right nearby.

If you have not already joined the wine tasting group and would like to join, contact Jay Muzio at the number above. Besides being able to sample a variety of great wines and have a wonderful meal, the wine tasting group provides a terrific opportunity to get out of the house and socialize with your SIR friends. And, as a reminder, not all our attendees drink wine. Some come with a wine-tasting companion and bring their own beverage of choice to drink. Why not come and check us out?

Be on the lookout for a survey from me. With our group's increased popularity, I want your opinions about possible changes to the group next year.

WHISKY/WHISKEY TASTING GROUP | David Tom 925-667-1291

"Too much of anything is bad, but too much good whiskey is barely enough." Mark Twain

Whisky/Whiskey comes in virtually infinite flavors, colors, shapes and sizes. Whether you've been a whisky/whiskey fan for a while or are just wanting to try something new and/or explore your potential interest, please join us each month.

Share appreciation, explore new and old, exchange thoughts (savor or gag) or simply enjoy the company of other SIR members that share in this common interest. If we can get this activity off the ground, the plan would be to meet on the **first Tuesday of every month from 5:00-8:00**. Gatherings will be conducted at the homes of members that volunteer to host. Each meeting participant will be asked to bring a bottle to share. Each month's Host will decide the parameters for their gathering (e.g., Scotch, Bourbon, Rye, Irish Whiskey, Single Malts, American Whisky, Blended Whisky/Whiskeys, Proof greater or less than X, Price < \$, etc.).

Tasting parameters for each successive event will be distributed at the conclusion of each current event (and/or emailed in advance). Participants should never feel obligated to consume and should never feel obligated to leave their bottles with the host, at the end of the evening.

These meetings will be potluck events, with each participant contributing a light snack to accompany our tastings.

Unless otherwise noted, these events will be for SIR members only. An occasional cigar may also be in attendance, but this will be left purely to the discretion of the host.

To join, sign up at the November SIR meeting or give me a call to have yourself added to the distribution list. We'd like to kick this off as a pop-up event and will be planning the first meeting shortly, so please respond as soon as possible. If there is sufficient interest, this will become a regular SIR activity. If you have questions, please feel free to contact me at the above phone number or call Activities Chairman, Jay Muzio, at 650-302-1902.

NEWSIES POP-UP ACTIVITY | Jay Muzio

On October 31st, a small group of Branch 95 members and significant others attended a musical theater production of Newsies courtesy of Past Big Sir, Lew Chapman. The production was held at the Oak Hills church on Blue Ravine Rd. and was produced by Christian Youth Theatre (CYT) productions. CYT is a private Christian oriented group offering theatre training classes, culminating in eight amazing musical productions a year.

This production of Newsies was just amazing. There were no performers over 18 years old and you would never know they weren't all professionals. The main character, based on a true story, was Jack Kelly, a New York newsboy that organizes a newsies' union with the help of the bad newspaper owner's daughter. Together they win the strike and of course in-the-end, Jack gets the girl. The lead character Jack Kelly, played by Lew's grandson, Eli Isham, was absolutely amazing. I thought I was watching a seasoned, professional graduate of Juilliard. Lew Chapman should be very proud of his incredible grandson!

HOLIDAY DINNER WINE TASTING AUCTION ITEM | Lew Chapman

It's taken most of the year for the winners of the 2024 Holiday Dinner "Helwig Winery Wine Tasting for Eight" auction item to find time in their busy schedules that everyone could agree on. Even with coordinated schedules and careful planning, three of the recipients had to drop out just before the event. The rest enjoyed a beautiful day in the heart of the Shenandoah Valley with a VIP wine tasting and lunch at Helwig Winery followed by a tasting at the Valley's newest winery - Krissie Vineyards.

Helwig is in a beautiful setting and we tasted a Roussane, an MRV which is a blend, followed by

another Spanish grape blend, and their special thanksgiving wine, Primitivo. We finished off with a Petite Sirah, notably pruny and overripe, which describes some of us! Following the tasting, we enjoyed lunch from their on-site kitchen while sitting on their patio overlooking their beautiful vineyard.

Krissie is a New York winery attempting to get into the Cali wine business and they are off to a good start. They have an interesting collection of big segments of the Berlin Wall (see photos). Apparently, their owner is the largest collector of Berlin Wall segments in the U.S.. You'll have to visit to get that story.

Overall, everyone had a fun and relaxing day in Amador County wine country.

BOWLING | Ray DiBasilio, HLM (Branch 113) 530-558-9727

On October 14th the tournament schedule took us to Brentwood Bowlero in the Delta region. Our host from Branch 161, Ron Wilson, did a fantastic job of welcoming over 80 bowlers for the one-day event. We were able to use all 32 lanes for six hours of competition which produced several high scores. The house came alive when Mark Blackshere of Branch 19 rolled an amazing 299, just missing a perfect game with a stone 8 pin in the 12th frame. While disappointment was felt by everyone, Mark still received lots of accolades on the job

well done.

Our last tournament of the year will be held November 6th and 7th at McHenry Bowl in Modesto. Always a popular location, this one will wrap things up for 2025. We will be taking December off for the holidays and see everyone again in Napa January 20th and 21st.

Behind the scenes, the State Bowling Committee is hard at work on the 2026 calendar. We will be returning to most locations; however, we might be seeing some new venues. Should you want to see a tournament in your area, please let me know sooner rather than later.

Striking up Friendships

For results of this tournament and more, head over to the SIR Bowling webpage: [SIR BOWLING](#).

See you on the lanes.

THE READER'S CORNER| Harry Hall 916-939-7161

The Wager, David Grann 2023 Non-fiction
Author of *Killers of the Flower Moon*

An excellent tale of the British shipwreck, *The Wager*, in Jan of 1742. Grann used actual manuscripts from men aboard the *Wager*, plus books written in that era to retell the story about men conscripted forcefully to serve at Her Majesty's pleasure on a journey around the Cape Horn (South America) to capture a Spanish treasure-loaded ship. Part of a fleet of several vessels, the *Wager* is damaged severely going around the Horn and shipwrecks on Wager Island. Suffering terribly from scurvy and lack of food, some of the men mutiny and leave on a salvaged vessel. The remainder use a makeshift raft to try and find civilization. Eventually, surviving members of each boat finally arrive back in England, where they both accuse the other side of mutiny and murder. The case ends up in the Naval courts. An excellent story of the hardship's men suffered while at sea.

BEST BURGER PURSUIT | Dan Koelzer 916-718-0521

Our 14th burger activity was on 10/24/2025 at our previous number 2-rated burger place – Poor Reds in the town of El Dorado. They have great burgers and a good bar for Gold Cadillacs. Poor Reds is loaded with character and I think most of us had been there before and had some great memories. Our ratings were still high for our second visit to this one; however, it did drop a few notches from its previous number 2 slot to a current number 5 overall - still well within our group of top-ranked places. The 10/24 visit to Poor Reds came in strong in the Service Promptness, Price and Meat Quality categories.

For our next BBP activity, we will revisit the previous number 3 burger place, Out of Bounds, in Folsom. That is the brewery with the big barrel out front that's just down the street from Dos Coyotes and Original Mels on Folsom Blvd. Their address is 13407 Folsom Blvd. Same time as always – 12:00pm, high noon. It will be on Friday, November 21st – a little bit earlier in the month this time since the following week is Thanksgiving week.

A LIGHTER MOMENT

Pee on the electric fence

It will be fun they said...

I'm not arguing, I'm just explaining why I'm right.

I'm on a whiskey diet. I've lost three days already.

My partner and I always hold hands when we go out. If I let go, she shops.

Marriage is when a man and woman become one. The trouble starts when they try to decide which one.

I haven't talked to my wife in three days. I don't like to interrupt her.

My husband said he needed more space. So I locked him outside.

I'm multitasking: I can listen, ignore and forget at the same time.

Common sense is like deodorant. The people who need it most never use it.

You know you're getting old when your back goes out more than you do.

If at first you don't succeed, then skydiving definitely isn't for you.

I started out with nothing and I still have most of it.
